ShelterR Investment Management is authorised in Luxembourg, and regulated by CSSF.

This key information document is valid as at 12-10-2023.

What is this product?

Type Shares of a sub-fund of Shelter UCITS SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS). **This fund is open-ended.**

Objectives

Product objectives The objective of the Sub-fund is to provide investors with a positive return over the long term. The Sub-fund may also invest in transferable securities as set forth in Schedule 1.

Investment approach The fund invests mainly in collective investment undertakings (UCITS, other UCIs and ETFs as set forth in Schedule 1) which, in turn, invest mainly in global equity markets (including real estate investment trusts), bond and money markets, and occasionally in other strategies such as alternative investments*.

Investment policy The selection of the underlying collective investment undertakings follows the strategic and tactical asset allocation views of the investment manager, with a core-satellite approach where the focus is on a so called "core" portfolio of passive index trackers completed with investments in active funds as so called "satellite" investments. For investments in UCIs, the Sub-fund may therefore opt to invest both in passive index trackers and in actively managed funds. When using passive index trackers, the focus is on reaching cost reductions and proper market tracking. When selecting actively managed funds, the focus is on (international) targeting enhance performance and/or diversification via themes, sectors or regions or a combination thereof.

Benchmark This Sub-fund is actively managed. The Sub-fund's benchmark is the Morningstar Global Target Market Exposure Index[1]. The Benchmark is solely used as a reference to compare the performance of the Sub-fund but not for the construction or choice of constituents in the Sub-fund's portfolio. For this reason, the Sub-

fund's portfolio can strongly differ from the Benchmark in terms of return and/or risk. Moreover, this benchmark is not used for the determination of the Performance Fee.

Redemption policy Shareholders may redeem shares on any dealing day in Luxembourg. Any income earned by the Sub-fund will be retained and reflected in an increase in the value of the shares (accumulation).

Distribution policy Income is reinvested into the fund for this share class.

Asset segregation In order to protect investors in the Sub-fund, liability is segregated between the Sub-funds (i.e. the Sub-fund's assets will not be used to discharge the liabilities of other Sub-funds within Shelter UCITS). In addition, the Sub-fund's assets are held separately from the assets of other Sub-funds.

Intended retail investor This product may appeal to investors with a basic knowledge of and no or limited experience of investing in funds, who plan to hold their investment for a recommended holding period of at least 5 years, who seek capital growth over the recommended holding period, and who understand the risk of losing some or all of the capital invested.

Term This product is not subject to any fixed term.

Additional information is available at www.shelter-im.com

Depository Bank: CACEIS Investor Services Bank S.A.

Price Publication: The share price is published daily and is available, along with any indicative net asset value, online at www.shelter-im.com

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Particular risks not adequately captured by the risk indicator include the following. Counterparty risk: the insolvency of any institutions acting as counterparty to derivatives or other instruments, may expose the Subfund to financial loss. Operational risk: the insolvency of any institutions providing services such as safekeeping of assets may expose the Sub-fund to financial loss. Currency risk: the Sub-fund invests in other currencies. Changes in exchange rates will therefore affect the value of the investment. Please refer to the Sub-fund's prospectus for more information about the risks.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period		3 years	
Example Investment		EUR 10 000	
Scenarios		If you exit after 1 Year	If you exit after 3 years
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	5 680 EUR	5 340 EUR
	Average return each year	-43.23%	-18.86%
Unfavourable	What you might get back after costs	8 510 EUR	9 360 EUR
	Average return each year	-14.90%	-2.20%
Moderate	What you might get back after costs	10 610 EUR	12 670 EUR
	Average return each year	6.07%	8.20%
Favourable	What you might get back after costs	14 120 EUR	16 350 EUR
	Average return each year	41.21%	17.81%

Unfavourable scenario: This type of scenario occurred for an investment between (12/2021 - 09/2023).

Moderate scenario: This type of scenario occurred for an investment between (11/2016 - 11/2019).

Favourable scenario: This type of scenario occurred for an investment between (12/2018 - 12/2021).

The before-mentioned calculations were performed using benchmark Morningstar Global Target Market Exposure (100%)

What happens if Shelter Investment Management is unable to pay out?

The insolvency of the Management Company will not necessarily cause losses to you. The assets of the Fund and of the Fund Management Company are held separately. This product does not participate in an investor compensation scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

Investment EUR 10 000		
Scenarios	If you exit after 1 Year	If you exit after 3 years
Total Costs	217 EUR	853 EUR
Annual Cost impact(*)	2.2%	2.4% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 10.58% before costs and 8.20% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee for this product, but the person selling you the product may do so.	0 EUR
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	0 EUR
Ongoing costs taken each year		
Management fee and other administrative or operating costs	1.3% of the value of your investment per year. This is an estimate based on actual costs over the last year.	127 EUR

Transaction costs	0.1% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	5 EUR
Incidental costs taken under specific conditions		
Performance fees	A performance fee of 0.9% applies. This was estimated based on simulated performance over a five-year period.	85 EUR

How long should I hold it and can I take my money out early?

Recommended holding period: 3 Years

The recommended holding period is based on our assessment of the risk and reward characteristics and costs of the product. Shares in the fund should be regarded as long term investments and you should be prepared to invest for at least 5 years. There is no minimum required holding period. Fund units may be redeemed on every Luxembourgish banking day excluding those banking days on which the net asset value of the Fund or its investments cannot be determined due to foreign public or bank holidays or if the Management Company has temporarily suspended the calculation of the value of the fund units due to exceptional conditions described in the Fund rules.

How can I complain?

For any complaints, please feel free to contact the Shelter-IM complaints service:

Website	https://www.shelter-im.com/en/contact
E-mail:	complaints@shelter-im.com
Address:	22, rue de l'Industrie, L-8399 Windhof (Koerich), Luxembourg

Your request will then be handled and feedback will be provided as soon as possible.
